I just read up on the story of [@RichardGarriott](#) and wow, I'm inspired as an aspiring [#entrepreneur](#), gamer and space lover. Looks like I'll have to pick up his book, Explore/Create. I don't often find people that inspire me, but his story does.

I still need to get a copy of that book, to read what he said about me in there. Us cats like to read about ourselves. :)

I am sure it still propagates some lies about the infamous Dr Cat!

That's ok. As long as they're flattering lies, I won't go telling everyone that nickname lolo came up with for you. Us cats like flattery too!

Honestly, it was Jaana who came up with that nickname: I just popularized it. lolo

But we Should popularize the Jerem's Tent Story, which somehow morphed into a Dupre' story! lolo

That's my favorite real life SCA story I worked into Ultima VI. I didn't really put the whole thing in, but just hinted at it. Just so dedicated Ultima fans can have something to ask Uncle lolo when they meet you in person!

And I am very proud of you for using it! lolo

Next time we meet, I'll have to tell you about 'Fire-Bad" it's even more outrageous.

That's a deal! I'll bring Manda by to hear the story, I'm sure she would love to see you again. She just made a new bow out of palm last week, by the way.
